

THESE DRAWINGS ARE TO BE USED IN CONJUNCTION WITH THE ACCOMPANYING GENERAL BUILDING SPECIFICATIONS PREPARED BY HOME DESIGN ALTERNATIVES, INC.

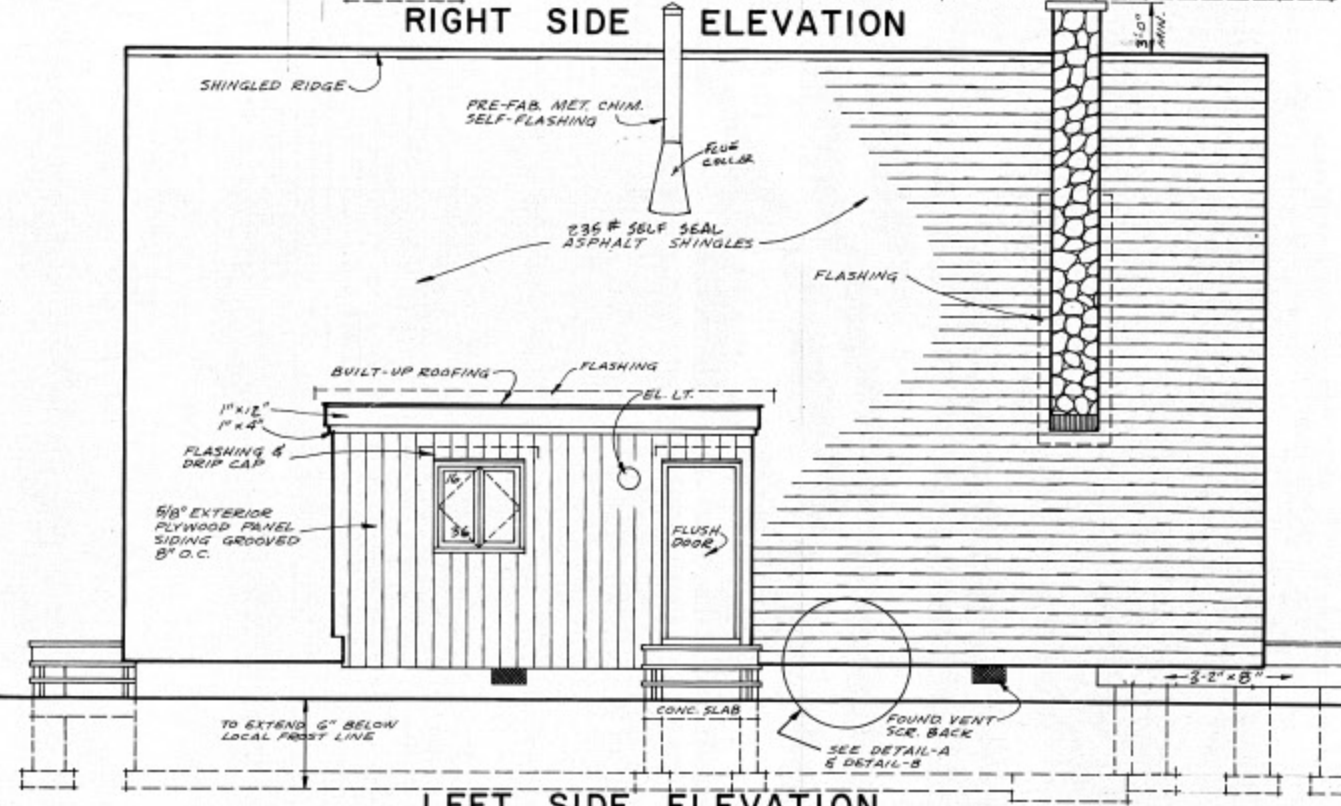

RIGHT SIDE ELEVATION

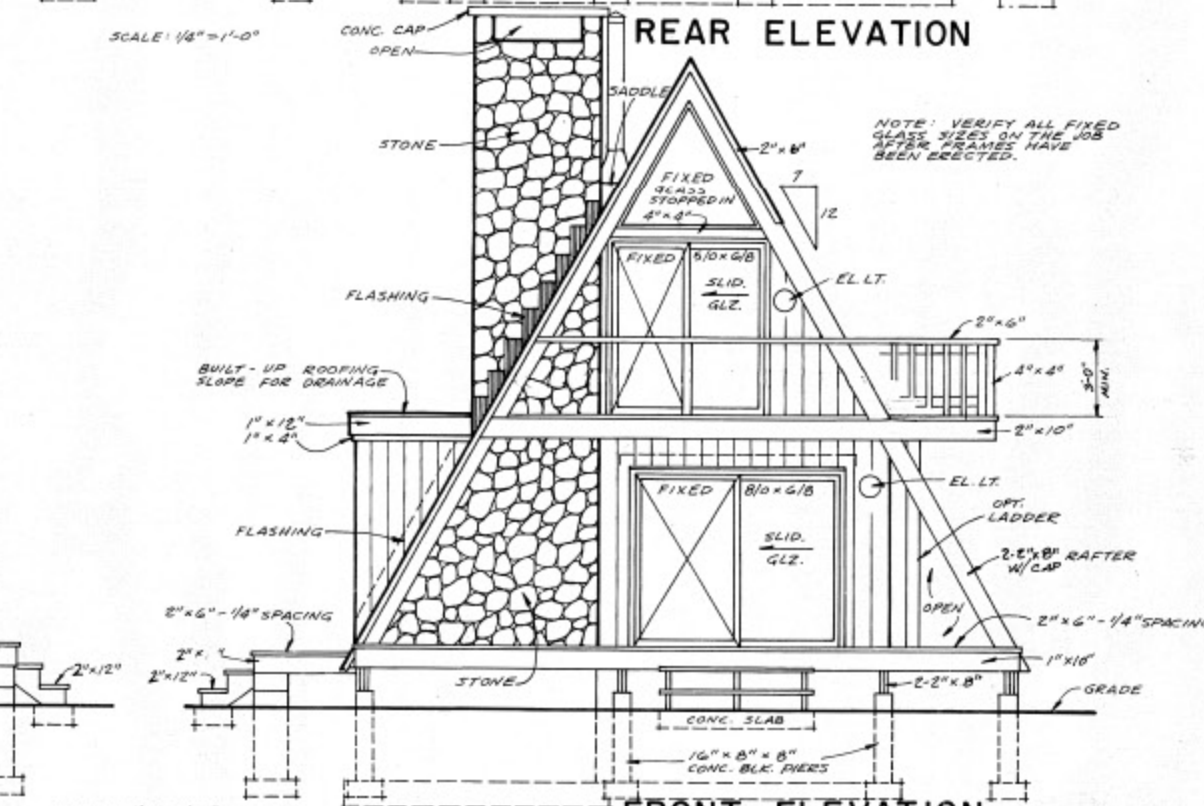

REAR ELEVATION

SCALE: 1/4" = 1'-0"

LEFT SIDE ELEVATION

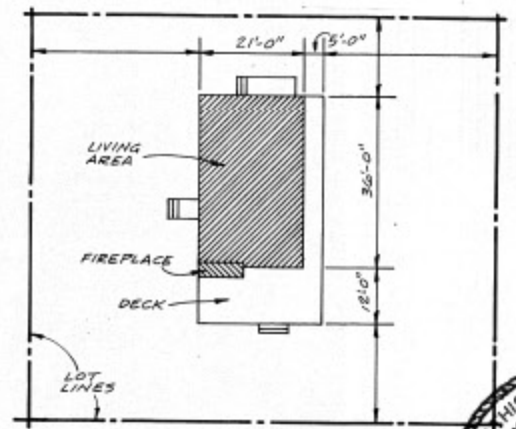

FRONT ELEVATION

SCALE: 1/4" = 1'-0"

Great care and effort have gone into the creation of the design and engineering of these plans. However, because of the impossibility of providing any personal and/or "on-the-site" consultation and supervision over the actual construction, and because of the great variation in local building code requirements, and other local building and weather conditions, Home Design Alternatives, Inc. assumes no responsibility for any damage, including structural failure, due to any deficiencies, omissions or errors in the design, blueprints or materials list. Furthermore, should conditions or errors in the design, blueprints or materials list, cause harm other than those indicated, or for any unusual conditions, it is recommended that you consult a local architect or engineer of your choice, and check with your local building officials, prior to the start of actual construction. All local codes shall prevail. Contractor to verify all dimensions before construction begins.

These drawings are not to be copied or reproduced without written permission from Home Design Alternatives, Inc.
