July 19, 2012

Dear Builder:

Recently we announced in an effort to offset slower than planned market recovery, the shutdown of our plant in Charleston, Illinois. As a result of this closure, we announced that we would no longer be manufacturing STYROFOAM SIS™ Brand Structural Insulated Sheathing effective September 30, 2012. We recognize that STYROFOAM SIS™ meets a key market need and that it has successfully been adopted in the marketplace. As a result, we have been aggressively pursuing and evaluating companies to partner with moving forward.

Today we are excited to announce that we have entered into an agreement with Ox Engineered Products, a subsidiary of Ox Paperboard, LLC, who will manufacture, market and sell STYROFOAM SIS™ Brand Structural Insulated Sheathing.

Ox Paperboard manufactures THERMOPLY™ sheathing and is a leader in recycled, engineered paperboard products.

Dow will continue to support the STYROFOAM SIS™ trade name and brand as part of our overall portfolio of insulation solutions and Ox Engineered Products will market and sell this technology under the STYROFOAM SIS™ brand name.

For questions, please contact your local Dow sales representative or the following Ox Engineered Products contact:

Kirk Mathews
Director of Construction Products
kirkmathews@oxpaperboard.com
(614) 477-9808

Pat Presdorf
Customer Service Manager
patpresdorf@oxpaperboard.com
269-435-2425 x438

We are committed to a seamless transition and to continuing to deliver the high-quality, proven insulation and air sealing products you rely upon.

Sincerely,

Jim Gurnee
