FLORIDA APPROVED

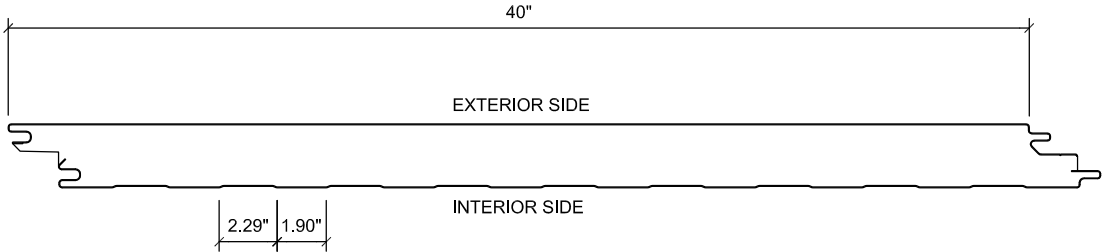

AdobeTexture™ wall panels offer a matte finish, multi-textured profile and finish that simulates a troweled stucco-like appearance - without the need for additional factory- or field-applied stucco coatings.

FEATURES AND BENEFITS

- Proprietary breakthrough technology integrates a stucco look and texture into insulated wall panels
- Eliminates the need for sprayed elastomeric coating applications or multi-step field-applied or additional factory-applied stucco coating
- Matching AdobeTexture™ trim & finishing system for a clean, continuous look and feel
- No special storage or handling required
- Same easy, economical installation as standard IMP wall panels - Arrives on site in one piece for a simple one-step installation
- 25 yr limited paint warranty against chalking, fading and loss of adhesion
