

XPS or polyiso. 2" on  
stud wall. 1" on  
concrete wall.

Exterior:  
Hardieplank, 1x3 rain  
screen, tyvek, 1/2"  
plywood on 2x4 wall.

Considering leaving  
this empty or filling  
with Roxul.

2x4 wall with 1/2"  
drywall. no vapor  
barrier/retarder. Roxul  
filling space between  
drywall and foam  
board. Ends up being  
about R-30 (7") on  
top portion, R-15  
(3-1/2") on bottom  
portion.
